WHAT MAKES ME A LEADER?

"I'm a strong believer in servant leadership; what can I do to encourage, enable and empower others to be the best they possibly can?

I support my team by thinking long-term, broad and deep, designing anti-fragility into our practices and empowering them to deal with complexity, ambiguity and change.

Bringing tea, cake and biscuits is always a good leadership move.

WHAT MAKES A GOOD LEADER?

Great leaders help us overcome our perceived limitations, laziness and fear and get enable us to do better, harder things than we could do otherwise.

WHY CELEBRATE LEADERSHIP?

Leadership is worth celebrating because great leaders act as multipliers for organisations. Connecting people, cultivating diversity and inspiring success in a way the impacts the bottom line exponentially greater than the sum of the component parts.
