## WHAT MAKES ME A LEADER?

I am a leader in my organisation because I strive to embed quality in all aspects of the services we deliver. I am a leader for the CQI's NGN as I work with my colleagues in supporting the sustainability of the profession.

For me what makes a good leader is the ability to share something with others, whilst at the same time providing clear direction.

Good leaders are not afraid to teach and want to encourage others to progress and fill their shoes.

I believe they should be clear communicators and have the ability to inspire others around them to achieve.

Positivity is a must, even on the tough days, to keep their team buoyant and motivated in working towards that common goal.

## WHY **CELEBRATE** LEADERSHIP?

It's important to celebrate leadership everyday because it is those around us who lead successfully that help us to development within our profession.

Good leaders push us to become the best we can and sometimes it is those we least expect who are those influential leaders we know.
